PROFESSIONAL SUMMARY

Business and Data Analyst with over 7 years of experience bridging business needs and technical solutions to improve operational efficiency, productivity, and profitability. Proven track record in gathering business requirements, analyzing workflows, and implementing data-driven process improvements across Finance, Accounting, and RevOps functions. Adept at translating complex operational data into actionable insights and executive reports using SQL, Advanced Excel, and Looker Studio y Power BI. Strong collaborator skilled in facilitating alignment between business stakeholders and technical teams to deliver measurable performance enhancements and streamlined processes.

KEY COMPETENCIES & TECHNICAL SKILLS

1. **Business Analysis & Process Improvement:** Requirements Gathering, Workflow Analysis, Process Mapping, Continuous Improvement Methodologies, Cross-Functional Stakeholder Management, Solution Design & Implementation.
2. **Data Analysis & Reporting:** Operational Data Analysis, Trend Identification, KPI Tracking, Executive & Business Reporting, Variance Analysis (Budget vs. Actual), Actionable Insights Generation.
3. **Technical Tools:** Advanced Microsoft Excel (Complex Modeling, Data Reconciliation), SQL (Complex Queries, Data Extraction & Integration), Power BI (Dynamic Dashboards), Python (Pandas, NumPy for Process Automation).
4. **Business Acumen:** Business Operations & Strategy, Data-Driven Decision Making, Operational Efficiency Optimization, Financial & SaaS Metrics Tracking (ARR, Retention, Recurring Revenue).

PROFESSIONAL EXPERIENCE

Business Data Scientist | CrixSoft Solution 07/2026 – 08/2026

1. Gathered business requirements and led the design of automated data pipelines (Python, SQL, Excel) to consolidate large volumes of operational and financial data, streamlining workflows and reducing processing times during closing cycles by [X]%, directly improving operational efficiency.
2. Collaborated with technical and business stakeholders to evaluate and implement solutions that audited revenue metrics and incentive plans, ensuring zero discrepancies and supporting data-driven strategic decisions.

Business Data Analyst | Workana Platform 09/2019 – 01/2026

1. Acted as a bridge between international clients and technical teams, documenting business requirements to structure variable compensation plans and ensure accurate accounting reconciliation across cross-functional stakeholders.
2. Analyzed operational data in subscription/SaaS environments, tracking key metrics (ARR, customer retention, recurring revenue) and transforming complex datasets into actionable reports that supported leadership decision-making.

Administrative & Business Data Analyst | State Government of Mérida 08/2019 – 09/2020

1. Analyzed and mapped administrative workflows, restructuring and digitizing accounting, budgetary, and administrative records into SQL relational databases, improving tracking, control, and operational efficiency of budget executions.
2. Automated the capture and validation of transactional data through process improvements, ensuring strict compliance with governance, audit, and internal control standards.

Data Analysis & Governance Specialist | Directorate of Cyberdefense 09/2015 – 05/2019

1. Ensured the integrity, security, and governance of critical relational databases used for processing operational and financial information, supporting business continuity and data-driven operations.
2. Designed and deployed automated dashboards for real-time monitoring of operational metrics and budget adherence, enabling proactive decision-making across recurring reporting cycles.

EDUCATION & CERTIFICATIONS

1. B.S. in Computer Engineering | Universidad Politécnica Territorial del Estado Trujillo (2015)
2. **Financial Analysis** | Basel Institute on Governance (2026)
3. **Power BI & Artificial Intelligence**: Career Accelerator | Daxus Latam (2026)
4. **AI in Practice Immersion** | Daxus Latam (2026)
5. **Data Science & Analytics** | HP LIFE (2025)
6. **Data Fundamentals** | IBM (2025)

LANGUAGES

1. **Spanish:** Native
2. **English:** Full Professional Proficiency (B2).
